

Zopec Medical Foot Neuropathy Treatment

For: Foot Neuropathy with Chronic Pain, Discomfort, Edema, or Inflammation caused by Diabetes, Medications, Injuries, Surgery, or Idiopathic Conditions.

Patient Benefits: *(Ask your doctor about the option of adding this to your current treatment)*

- 1. Reduces the need for pain medications with drug free pain relief.**
- 2. Increases blood circulation all day long, which enhances nerve and wound healing, prevents foot ulcers and slows down diabetic neuropathy progression.**
- 3. Improves the communication link between the local nerves and the brain.**

Very simple to do at home and Helps to Reduce Medication Intake!
30 min Electrotherapy twice a day (am/pm) and wear Foot Massage Insoles during the Day!
